Dear Kshama Metre,

Hari Om!

Heartiest Congratulations on the 25 years of rural development work in Sidhbari! Time flies! I can't imagine so many years have already passed. You have nurtured the seed sown by Pujya Gurudev so very beautifully that by now we are seeing the tree and the fruits are being enjoyed by all. May this tree have many more branches spread in India.

Please convey my greetings to all our workers. May Pujya Gurudev's Grace and and Blessings be always with you.

With Prem & Om,

Tejomayananda

Pujya Swamiji,

Pranams.

Today with Param Pujya Gurudev's blessings and Pujya Swamijis kind support and guidance, comprehensive integrated rural development work in Sidhbari has completed 25 years.

Param Pujya Gurudev inaugurated this work on 10th April 1985 when the newly admitted 1st batch of nurses responded with a beautiful bhajan in the Satsang Hall that resounded with the showering of His blessings that reverberated with the echo of His love for the development of rural India.

May this rural development work bloom further with Pujya Swamijis blessings. May it enable and inspire CORD to reach out many more underprivileged and marginalized people in the country.

Today in the morning of 10th April 2010, we are performing Param Pujya Gurudevs Paduka Pooja by
surrendering this work at His lotus feet. All of us at CORD Sidhbari seek Pujya Swamijis grace on this occasion.

The past 25 years have been full of learning, joy and challenges that has evolved to CORD in 2003 and continues to grow under Pujya Swamijis counsel and encouragement.

As we celebrate this day silently, we invoke Pujya Swamijis love and care along with the strength and wisdom to do our best to carry Param Pujya Gurudevjis blessings to many more people to discover their potential and unfold their innate strengths as they transform their lives.

With pranams.

Kshama and all CORD Family.
