All CM Centers in USA

Blessed Self,

Hari Om!

As many of you are aware Chinmaya Organization for Rural Development (CORD), is now the central body that manages all the social service and humanitarian activities of Chinmaya Mission in India. In order to support CORD India, from the USA we have recently incorporated “CORD USA”, a non-profit entity, that will raise funds and coordinate programs that are intended for social welfare both in the US and in India.

This new non-profit entity is not religious, and hence, we will be able to obtain support from the community at large and also perhaps obtain matching corporate funds and grants.

CORD USA will assist various centers in raising funds for their local social help programs and also specific projects in India. Our intention is to create a group – “Friends of CORD” at the regional center level that will steer these programs. Please submit the names of one or two persons who you feel can do this service to contact@cordusa.org.

The Board of Directors of CORD USA is:

Swami Tejomayananda – Chairman and President
Dr Apparao Mukkamala – Treasurer
Pranji Lodhia – Member
Dr Vijaya Cherukuri – Member
Subha Varma Pathial - Secretary

We have already set up a new website http://www.cordusa.org where information about the various projects and contact information can be found. Contributions for specific CORD projects can be made online using Paypal or by check. Additional details will follow.

Please acknowledge receipt of this mail.

With Prem & Om,

Tejomayananda
